## Tartars Trim Jordan

### Gregory, N. L. B. Flash, Keeps His Team in the Running, with Four Firsts

Gregory, lanky Jordan athlete, contributed 20 points to his team's total in the dual meet between the Tartars and North Long Beach, and held them in the running for the honors up to the last event. The Jordanites were right behind the home boys all the way, until the Tartars cleaned the boards in the high jump which gave them a lead of 11 points. They lost five of their 11 events. Gregory flashed past Johnny McFadden on the turn in the last lap of the relay to win this event for his team, making the final score, Torrance 55, Jordan 49.

Hubert Luck, who had been counted on to pull the relay team into front position, was out entirely on account of his bad foot, injured in the Narbonne meet, and did not compete in any events. This was a disappointment to Luck who had been waiting to measure strides with the Jordan flash, but he will get his chance in the Southern Cal.

New records were set up in the 100 and 200, probably due to the stiff breeze at the runners' backs, but breeze or no breeze, this Gregory is fast.

As a whole this dual was the most evenly contested of any Marine League meet Torrance has taken part in to date. All three classes fought hard for points and the results in the varsity and Class B were close. The relay told the story in the B meet, Jordan winning to give them a five-point lead.

Kalina was high point man for the Bees, taking both hurdle events.

The Tartar Cees swamped their opponents, taking first in every event. Haruki was high man with a first in the 50 and broad jump.

In the varsity events Piper was high man with eight points, winning the high hurdles and taking second in the low hurdles. Waugh was second with seven, splitting first and second in the high jump and taking second in the broad jump. Zamperini, who has been running the 880 all season, switched to the mile for this meet and easily outlasted the Jordan contestants.

Louis will run the mile from now on, as he has been using the shorter distance as a build-up for sprinting speed.

The Tartars meet El Segundo here tomorrow, and next week will lay off on Friday, as the Southern Cal meet will be held the following afternoon, Saturday, May 18. Torrance will have a number of entries in this big classic, with Zamperini, Luck, Wertz, Javens, McFadden and Waugh and others in the lists. Torrance has a nice chance to finish well up to the top in this meet, and for the first time since the Tartars have been entering the Southern California competition must be given consideration for medal contenders.

## Doan's Bowling Team Champs

L. C. Doan's Merchants finally cleaned up in the last match of the series for the championship of the Mercantile League Monday night at Compton. The Doans defeated the Brown's Garage, 2-1, with the Drew Electric, with whom they were tied for first place, skidded on Flying A Gasoline and lost 3-1. Alver (Tillie) Johnson was high man for the Doans, rolling 508. The other boys, Stanley Sach, Ivan Eckersey, Earl Gaudin and Stanley Gilbert, looked superlative, and all of them rolled top notch games.

Next Monday night the league will participate in a sweepstakes for a \$12 prize at the Compton alleys, 215, Magnolia avenue, and Doan's team hopes to cop this prize along with their championship honors.

Here are the final standings of the league:

Teams	Won	Lost
L. C. Doan	51	29
Drew Electric Shop	49	31
Flying A Gasoline	46	34

## Fishing Prospects Along The California Coast Are Excellent

Fishing in Santa Monica bay is improving rapidly. Anglers are landing big barracuda and halibut weighing up to twenty-five pounds. Despite recent cool weather, Redondo, Hermosa and other beaches north to Malibu report generally good fishing conditions, plenty of mackerel, halibut and some sculpin and rock cod being taken daily.

Live bait boats out of San Pedro and Long Beach are bringing in barracuda, bass and bonita. Halibut are being landed from the pier at Long Beach.

Fishing slowed up temporarily last week at Newport-Balboa due to cooler weather. Surf fishing, however, continues good in these waters.

Bass, barracuda and halibut are being landed from boats out of San Clemente. Spottin croakers and corbina are keeping surf fishermen busy pulling them in. Several warm days will undoubtedly bring yellowtail to these waters in goodly numbers.

Excellent yellowtail fishing was enjoyed by anglers on boats out of San Diego last week-end. Live bait boats "Sportfisher," "Sea Angler" and "San Antonio" returned loaded with these finny "scrappers" both Saturday and Sunday.

Returning crews of the far-ranging commercial tuna clippers report a general migration north of these fisheries. When they will reach Southern waters cannot be predicted.

First reports on opening day of trout fishing season in California amply justified predictions of authorities that anglers should enjoy a banner year. Hundreds of limits and near limits were taken.

## Admirals Show Off

### Revamped Cellar Champs Scuttle the Bluebirds' Ship In Practice Game Tues.

They looked like champs a week ago but the Admirals had them singing the Long Beach Blues last Tuesday night, those raming, championing Bluebirds of Torrance, for they found Bagley and Deene Downer two tough pitching babies, and lost by the inelegant score of 13-1.

Manager Spud Murphy tried out a new line-up for the occasion, and it failed to click as well as the bunch who tamed the Huntington Beach Ojlers, 1935 champs of the National League. He put Van Flete in the pitcher's box. Ordinarily Van is as good as any of them but his slants were so much easy meat for the Admirals, who will probably sluff off their nickname of Rear Admirals earned last year when they lost 25 straight, every game in the league season.

Young George Bryant was given a chance to show what he could do with the apple in the last half of the ninth when the game was hopelessly lost. The kid walked the first man and gave up four hits for six runs, one of them a homer by courtesy of Hal Forey who saw no profit at that stage of the game in running his legs off to head off the ball which rolled against the fence. Being only a practice game Hal saved his strength for the opener with Alhambra next Tuesday night.

The Admirals started the scoring in the first inning with three runs, and followed it up at regular intervals until they had eight at the end of their half of the sixth. The Birds made their only bid for fame in this inning when Painter went to first on Kordeker's error and scored on Poncho Fabregat's lone drive. Looks as if Poncho is going to help win some games this year as he is hitting freely and well, and his backstopping so far is much better as his hands are in pretty good shape compared to last season when they were swathed in tape.

## New Record In Pole Vault Is Expected

### Greatest Soarers on the Coast Will Meet At Fresno

By ROBERT E. SMITH  
United Press Staff Correspondent  
FRESNO, Calif. (U.P.)—When 20,000 track fans pack the state college stadium here on the night of May 11 for the ninth running of the West Coast Relays, a field event will be the center of interest, for perhaps the first time in the history of the meet.

Spectators will be watching for a new pole vault record as seven of the world's greatest vaulters are brought together.

Relay officials, believing that competition and perfect track conditions is the key to breaking records, secured entries of the seven greatest heights this year, headed by Bill Graber, holder of the present world mark of 14 feet, 4 1/2 inches. On the hard-packed clay soil that athletes and coaches have called the fastest in the world, Graber will attempt to better his record and save off the throat of Jack Rand, San Diego State College vaulter, who won the 1934 I.C.A.A.A. meet by clearing 14 feet, 3/4 inch.

In addition to Graber and Rand, three other men who have bettered 14 feet this year will compete in the relays. They are Bill Setton and Earle Meadows of the University of Southern California and Cornelius Warnerman, sophomore vaulter from Fresno State College.

Two other Trojans, James Plimpe and John Hooker, who cleared 13 feet, 9 inches in a recent dual meet are also entered.

Hook Caught Fish Hawk  
RICHMOND, Va. (U.P.)—A fish hawk swooping over Boy Scout lake in Chesterfield county, dived for a wriggling minnow. Too late, he learned the minnow was wood-eating and had hooks attached. James M. Hayes, Jr., Richmond, has the hawk—and told the story.

## SPORT SHOTS

By Bob Lawellan

Spud Murphy and his Torrance Blue Birds are rounding into good form early this year, and should be contenders for the championship again this year. Here is an action picture of the greatest little catcher in soft ball, Oh yes, this is an exclusive Sport Shots photograph of Poncho Fabregat. Ponch played a great game against the Huntington Beach Ojlers last week. Several new boys are on the line-up this year, and all look great. Here's Luck, Spud.

Track meets on tap for tomorrow are as follows... El Segundo at Torrance. Torrance will win. North Long Beach at Gardena, pick Gardena to win easily. Leuzinger at Narbonne (Lomita) the Gauchos will win this meet. All of the Marine League meets start at 3 o'clock. The Jordan (North Long Beach) and Gardena affair will be the highlight of the day. Robert Henderson of Gardena is undefeated in the shot put, 100-yard dash and 440-yard dash. Bill Gregory, the Jordan flash will win with ease his popular events, the 220-yard dash, broad jump and will beat Henderson to the tape in the 100-yard dash.

Last week coach Dick Cline of Jordan high (North Long Beach) brought over a weak track squad, but with Bill Gregory, new white hope for the Southern California, and State track meets gave the Torrance Tartars a good score. The varsity score was tied up by three different times during the meet. The boys who were responsible in winning for Torrance were the high jumpers. They clean swept their event for nine, much needed points. This boy Gregory stole the show from the Torrance stars. Bill looks like the greatest find, since the high school days of little Frank Wykoff. The Jordan flash was blocked at the forty-century, and in the furlong. Of course one of Torrance's famous winds was at his back. His 220-yard time bettered Wykoff's record. My watch caught the boy in 21.1, the other two timers reported 21.2 and 21.3 as head time keeper I gave the boy the slowest time, 21.3, because of the wind and dust on the track made it nearly impossible to get a perfect reaction. Even with the wind Gregory broke 22 seconds flat for this event. Watch this boy, as he should go to the top in the sprinting world. His form is great and he loves to run.

Other outstanding performances of the day was the fast time of Louis Zamperini in the mile run. He was the first mile runner to clear the first mile in competition this year. He travelled the distance in 4:37. Fast time, considering the wind that he had to buck on the north straightway, and the terrible condition of the Torrance track (except the sprinting lanes).

If Louis had been running at the Los Angeles Coliseum or any other good track, he would have broken his own world record, at the pace he was going. Look for this great athlete to run the mile around 4:17 this year, if he gets any competition.

Little Jack Piper who has been running Class C all year, turned his services over to the varsity and was high point man for the day, winning the high hurdles and placing second in the lows.

Truman Waugh and Takashi Kiyomura tied for first in the high jump, a new school record of 5 ft. 10 inches, which boys may reach 6 feet before the season ends.

Adzovich and Alfred Speed both won their favored events with ease. Jack Javens is beginning to get the knack of putting the shot, he increases his distance about a foot a week. Schipper, Torrance's only hope in the pole vault, took second place, with the best height of his life, 10 ft. 9 inches, nine inches higher than ever before.

## League Opener Tuesday

### Alhambra Comes Here For the First Game of New Federal Series

The Torrance Bluebirds will open the summer night ball season next Tuesday night with a home game on the municipal park lot against Alhambra. The schedule for the season was finally completed at the last meeting of the Federal moguls, with the result that Torrance opens at home.

Manager Spud Murphy has a sweet team this year, with a lot of new blood that will give the games some zip that was lacking last year. Fans can look for the Birds to jump well into the lead from the start, for they are ready to go and will have the ability to win games.

The pitching staff is as yet an uncertain quantity. Sammy Sumner, 19-year-old kid who, is an uncle of Chico Sabella, believe it or not will open the ball game against Alhambra, says Spud. Sumner is one of the best, according to advance reports and has been coached along by his famous nephew, who declares that the kid is better than he is, and there are few better chuckers anywhere than Chico. Backing up Sumner on the pitching staff will be Earl Morrell, late of Fullerton, and Evo Pusich, who came to the Bluebirds late last year.

Spud's opening line-up will be: Moon, right field; Halliday, third base; Painter, shortstop; Forey, left field; Requa, center field; Fabregat, catcher; Mitchell, second base; C. Bryant, first base; Sumner, pitcher.

In addition to these Spud will have Hobelman, who played in right field last Tuesday night, and Vonderhage. Paul will not get into the line-up in the opener unless his injured ankle mends before next Tuesday.

The big show will start with a parade of the downtown section at 7:30, winding up at the ball park, where the Torrance band will give a concert. Mayor Scott R. Ludlow will make a short address, welcoming the crowd and boosting for the success of the new league. Others who will make short informal talks will be managers of the two clubs, and officials of the Federal League, some of whom will be on hand for this tilt. The city attorney and the city judge will be on site at the box office, the game which will be called promptly at 8 o'clock.

According to President W. E. Bowen, of the Torrance Baseball Association, season tickets can be had for all home games at a price of \$3.00 a ticket. These admit one man and one lady or two ladies to the games in Torrance. They may be obtained from the officials of the association at any time or will be on sale at the box office.

Alhambra, which comes here to the opener, is reputed to be the fastest team in the new circuit, and will give the Bluebirds plenty of action. In fact all the teams in the new league, which includes Huntington Park, Montebello, Hollywood, Los Angeles, Glendale, Whittier, Alhambra and Torrance, are strong, and the fans can look for some tight competition throughout the whole 25 games. The new faces that will be seen around the ball park will add a lot of interest to the game this year. It is to be hoped that the Torrance citizenry will appreciate the new set-up to the extent of making the stands at each home game. The entertainment will be topnotch and well worth the two bits that will be the gate fee this year.

Next Sunday the boys take on the Newport team. Game called at 2:15 at the ball park.

Fisherman attention! According to Captain J. M. Anderson, owner of the Olympic barges anchored off of Hermosa Beach and Balboa, fishing is good. At Balboa Yellowtail are running and fishermen are getting plenty. Boat schedule to the fishing barge anchored off of Abalone Hill, Balboa are, week days, first boat, 7 A. M. Sundays, 6 A. M. and every hour until 5 P. M. Many local followers of the sport are taking advantage of the Yellowtail season, says Captain Anderson.

## Busy Season Ahead Of Louie

Preliminaries in the sprints, hurdles and relays for the Southern California finals will be held at Poly high, Los Angeles, on Tuesday, May 11. Under the arrangements of the sports department of the Los Angeles city school system, these events will be open to all comers, and from the try-outs four contestants from each section will be entered in the finals.

In the distance and field events, selections for the finals will be made from the records, with six men having the best marks for the present season made in meets up to and including May 10, entered without contesting in preliminary heats.

The Southern California finals will be held at the Coliseum on May 18.

The Marine League preliminaries have been tentatively set for Monday, May 27, the finals on Wednesday, May 29. The dates had been set for the 28th and 31st, but because of the Memorial Day holiday on Thursday, with many schools closing for both Thursday and Friday, the dates were changed and if all coaches agree the meets will be held as above stated. The all-city preliminaries and finals will probably be held June 4 and June 7.

Louis Zamperini, Torrance champion miler, will have a very busy season starting with the Southern California meet on May 18. Louie will compete in all of these meets as well as the big western meet which will be held in San Diego on June 1. Hubert Luck, if his injured foot gets in shape by May 18, will probably be in line for as much work, with the exception of a run at San Diego.

Colored Giants From Wilmington Win Tight, Hot Game

Of Lady Luck with her bagful of errors ruined the day for the All Stars again last Sunday in spite of scintillating pitching by Willis and they lost to the Wilmington Colored Giants, 3-7. The All Stars committed six bobbles to the Giants' three, most of them at a critical time.

The Giants got off to a lead of 6-0 in the first inning, but the home boys pulled up a trifle with four runs a little later, and for a short time the duel was tight and hot. In one frame Willis fanned two Giants on six pitched balls, a feat that is not duplicated once in a blue moon, but he couldn't do it all and the 10 hits that were credited to the Giants gave them enough runs to save the game and their faces.

Galton and R. Hayes were in the box for the Giants. The former was hit freely and most of the Stars' runs were made off his delivery.

Next Sunday the boys take on the Newport team. Game called at 2:15 at the ball park.

NARBONNE MEETS LEUZINGER

Leuzinger and Narbonne will meet in dual competition at the latter's field tomorrow afternoon. The Gauchos will close their Marine League season with a meet with North Long Beach on May 24.

## Old Mining Days Relived At Calico

Notable relics of the glamorous period when millions in silver and borax were taken from the Calico mountains have been assembled at Barstow to lend color to the celebration of "Calico Days" in Bloody Gulch, May 10, 11 and 12. "The Gulch" will have all the thrills of an active desert mining camp of half a century ago with many pioneer characters participating. The great old mines and scenic drives will be explored in the mornings, and afternoons and evenings devoted to camp activities, including games and contests.

Racing Season Opens May 24

MONTREAL (U.P.)—Montreal's 1935 thoroughbred horse racing season will open at the Blue Bonnets race track May 24. The Blue Bonnets meeting will last 14 days. Then the scene will shift to the Mount Royal track, where another 14-day meeting will be held, opening on June 8.

## Blow-out!

BUY THE TIRE WITH THE GOLDEN PLY AND STAY OFF THE ACCIDENT LIST

At the high speeds that are common on the highways these days, you motorists need real protection against dangerous blow-outs. Let us tell you what happens inside tires when you go 40, 50, 60 miles an hour. Terrible heat is generated... The rubber and fabric separate. A blister forms—grows bigger and bigger. Then BANG! A blow-out—and a serious accident may result. But Goodrich Safety Silvertons are protected from these blow-outs by the famous Life-Saver Golden Ply—the amazing invention that resists this internal heat and prevents these blow-outs before they start. Get a set of Goodrich Silvertons today—and play safe.
